Thank you. Will GSA be briefing the relevant committees afterwards?

Joe-

I wanted to give you a heads up that we will be sending a report to EPW Monday (pending OMB clearance) outlining a path forward for the new FBI Headquarters announcement. There will also be a hearing on this report February 14.

There is a lot of political interest in this project with the potential of it moving to either Maryland or Virginia. The President was briefed yesterday on this by the GSA Administrator, Deputy AG and FBI Director and signed off on this path forward.

Let me know if you have any questions.

It could be a letter from Wray or Rosenstein to Emily to the effect of what Brennan said below, which would probably be most effective but also the hardest to pull off, or it could just be a memo from someone lower at FBI to Dan saying this is FBI's understanding of what was decided at the meeting with POTUS.

Ideally I think it would first recap the oval meeting with what POTUS directed everyone to do then ask Emily (GSA) to execute POTUS's orders.

I think that is a great idea. What kind of document do you have in mind? I'm not sure what form that would take, but I like the concept.

Dan,

I just talked to Rader and he suggested getting something in writing from DOJ/FBI memorializing what was decided in the meeting with POTUS. That document could be very helpful if we aren't able to reach an agreement with OMB and this needs to be elevated. Do you think Haley could make that happen?

FYI, close hold. PBS is working to incorporate the OMB edits into the slide deck and get it back to them tomorrow. GSA is going to hold our ground on the funding source and that it is a demolition/new construction per the President's instructions.
